28	29	30				

Costello is excited about our Super Summer Reading Program! Reading is important to maintain academic stamina and beat the summer slide!
We want every child reading throughout the summer and recording their minutes so that we can reach our school goal of 500,000 minutes!

To honor students' work we will offer some special incentives:
K-2 students get (1) ticket for every 100 min. read.
3-5 students get (1) ticket for every 200 min. read.

The more you read, the more tickets you earn, the greater your chance is of winning exciting prizes!! We will have a drawing the second week in September.

Write the minutes you read each night and have your parent sign and total your minutes.
